

## Let's Be Friends (for real)!

That's right, not on Facebook. Did you know that students can join Boatwright Library's Friends of the Library group for only \$5 a year? Find out more by asking at the main service desk in Boatwright, or by visiting the FOTL page under "About" on the library website. Show your library love and become our friend today.

## Collection Spotlight: Maps & Atlases

Taking a trip for spring break? Cabo? Baltimore? Check out our maps and atlases! First floor, reference/quiet area, in the corner near the restrooms. Oh, and I need a ride...

## Why is it so hot/cold?

Boatwright uses a different climate control system than you're used to at home. We cannot make slight day-to-day adjustments, so if we have an especially hot or cold day, it can take awhile for the building temperature to catch up! The library employees deal with it every day and suggest dressing in layers!

## Library Tip: 3 Library Secrets

- #1) There is a snack machine on the 2nd floor. 24/7 access!
- #2) B2 has restrooms on the other side of the computer classroom.
- #3) Free scanning on all the copiers—bring your USB drive.
