

# Renewing online

Did you know you can renew your borrowed items online? If you need more time with a book, you can renew it online by going to [library.richmond.edu](http://library.richmond.edu) > My Account (on the red Catalog bar) and logging in. Select any or all items you wish to renew.

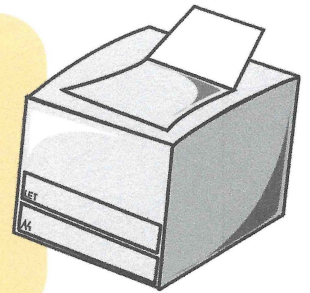

## Faculty/Alumni Books

Want to read books written by your favorite professors or fellow Spiders? Browse the Faculty and Alumni book section on the second floor (to the right at the top of the stairs). Relax on one of the chairs in this cozy reading nook.

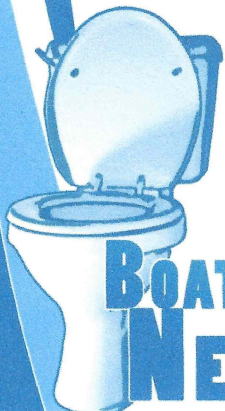

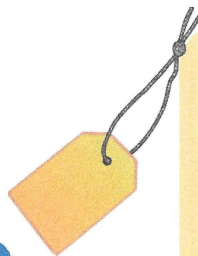

## Where are the printers?

Need to print something in the library? There are black & white printers located on the 1st and 2nd floors as well as in the B2 Computer Classroom, in the MRC, and in the TLC on the 3rd floor. There are color printers on the first floor and in the TLC on the 3rd floor. Remember that color prints use 10 print credits each, rather than one for B&W.

## Label your items

Remember to label your important items, like laptop chargers! Many students use the same chargers, so make sure to label yours in case it gets lost or to prevent confusion with another student. Lost items can be claimed at the Information & Assistance Desk.
