

## Library Survey - You Could Win!

Take the library's 7 or 15 minute annual survey at [urichmond.countingopinions.com](http://urichmond.countingopinions.com) or by using the link on the library homepage. Your feedback is important to us! At the end of the survey, enter our monthly contest drawing for a \$20 gift certificate.

## Library Tip: Netbooks

Need a computer? Check out a netbook from the main service desk. The loan period is 4 hours, and netbooks can be used in the library building only.

## Voices Carry!

These days, the library is a busy place. Please be mindful of those around you when conversing with friends, Skyping, or using your cell phone.

## ProQuest Dissertations and Theses

Visit ProQuest Dissertations and Theses database on the library's Research Databases page to access over a million full-text doctoral dissertations and masters theses from institutions around the world. This is a great place to start for a literature review!
