

Focus Group Participants Needed

We are seeking participants for student-led library focus groups that will help us plan for the future of BML. Participants will receive **\$10 in print credits** and **pizza** will be provided. The next group will meet in BML on February 21, 2011 from 12:30 to 2:30 PM. For more details or sign up, e mail Travis Smith at tsmith3@richmond.edu, or ask at the main service desk..

Library Tip: Bring a Flash Drive!

When planning a trip to the library, don't forget your flash/USB/thumb drive. You can use it to save scanned images from the photocopiers (for free!), or to save any work you do on the public PCs. If you do forget, you can always check one out at the library main service desk.

Upcoming Event: "Churchill and America"

Join the Friends of Boatwright Memorial Library for the 2011 Peple Lecture. Christopher Catherwood will discuss "Churchill and America: Why He Was Right After All" on February 27, 2011 at 2:30 pm in the Robins Pavilion at the Jepson Alumni Center.

Did you know? E-books!

To find electronic books through the library catalog, look for the ebooks & edocs limiter on the catalog search page. You can also check out the library's E-Books Research Guide to find links to online book collections available through the library and on the Web.
