

Print Release Stations

Can't find your print job in Boatwright? As a part of our 'green' efforts, Boatwright Library has installed print release stations for the printers on the 1st and 2nd floors. The release stations are located near the printers. Have questions? Stop by the Information & Assistance Desk for more details!

No Fines

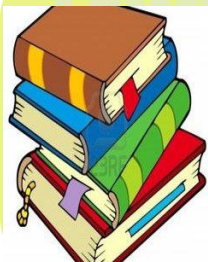

Effective immediately, Boatwright Library will pilot a "no fines" policy for students, staff and faculty! Borrowers will receive fewer notices and they will only be charged if materials are lost. We encourage timely renewals, either online or via phone.

B2 Reorganization

Basement Level 2 is now reorganized! The B2 Annex (the far back room) contains our government documents, periodicals, and science serials. The main circulating collection is exclusively in the front room of B2.

Textbook Resource Guide

Wondering if your textbooks are available in the library? Take a look at our online Textbook Resource Guide: <http://libguides.richmond.edu/textbooks>. There are a limited number of copies so be quick!
